

Star-Clear[™]

Cartridge Filters

Hayward Star-Clear cartridge filters provide sparkling pure water for a wide range of pool sizes and types. From spas and hot tubs to above- and in-ground pools, they deliver full-sized filter system performance in an easy-to-afford package. Star-Clear filters feature a heavy duty cartridge element engineered from high quality reinforced polyester, for maximum efficiency, easier cleaning and longer life.

A single locking knob provides easy access to the cartridge element and securely fastens the filter head to the filter tank — eliminating clamps or bolts. An attractive injection moulded, corrosion-proof filter body sets the standard for value and convenience.

Filter Head

provides easy access to cartridge element. Attractive and durable, the head may be rotated to conveniently position pressure gauge and manual air relief valve.

Heavy-Duty Filter Tank

is injection-moulded for dependable, corrosion-free performance.

Elevated Filtered Water Collector and Debris Sump

prevents accidental by-pass of heavy debris to pool or spa when cartridge is removed for cleaning.

1/2" FIP Filter Drain Valve provides fast draining for elevated spas and tubs. Also accepts standard spigot valve.

Single Locking Knob

securely fastens filter head to filter tank, eliminating clamps or bolts.

Single Element Cartridge

is engineered of high-quality reinforced polyester with gasketed moulded end caps for maximum efficiency, easier cleaning and longer life.

Moulded Center Core

incorporating unique "Waffle-Pattern Design" allows for maximum flow and provides extra strength.

Integral Mounting Base

provides stable, corrosion-free support and allows filter to be used separately or mounted as a complete filter, pump and platform base system.

Star-Clear Features & Benefits

- PermaClass XL filter tanks are made from extra durable glass reinforced co-polymer.
- Injection moulded, not rotationally moulded, for greater strength and durability.
- Extra large, high-capacity polyester cartridge elements providing from 75 to 175 square feet of filter area to capture every micron of dirt.
- 50mm full-flow internal piping and plumbing for less resistance for maximum flow and performance.
- Heavy-duty, tamper-proof, one-piece clamp securely fastens tank top and bottom while allowing quick and easy access to all internal components.
- Super strong Noryl bulkhead fittings.
- Large, integral moulded drain plug.

Hayward cartridges have extra dirt-holding capacity and are engineered from durable, high-quality materials to last for years with only minimal care.

Star-Clear	Filtration Area M ²	Flow Rate LPM	Turnover Litres		Dimensions (mm)		Pipe Size (mm)
			8-hour	10-hour	Height	Width	
C225C	2.32	95	45,600	57,000	455	185	40
C500C	4.65	190	91,200	114,000	750	267	40
